SIDO International Orthodontic Congress

Florence, Italy

The aim of FEO is to promote cooperation and dialogue between national scientific societies in Europe, for all our mutual benefit. With this end, it was my privilege to present in person, our FEO award winners from 2020 and 2021 this year, in Florence. Many thanks to SIDO-AIDOR, and president Letizia Perillo. After two unprecedented years for the profession overall, where orthodontists, clinical team members, students, all continued to provide excellent safe treatment for our orthodontic patients during the pandemic, this is a reason for celebration in itself. I hope that the work of FEO in strengthening ties between societies will go from strength to strength over the next coming two years for the overall profession's mutual benefit.

Kind regards

Angel Alonso Tosso
